## GIRLS TENNIS

### Sierra Engel

Sierra is the daughter of Anthony and Michelle Engel. Her favorite team moment was her sophomore year, they had a tournament at Fishers. The day ended up getting rained out and rescheduled. They all ended up getting on the minibus and going to Shake Shack. It was lots of fun. She hopes she created memories like this for the underclassman. Sierra's extra-curricular activities include being the boy's tennis manager for two years, volunteering in the elementary classrooms around the township, working at the YMCA, and playing tennis for the past 4 years. Her future plans are to attend Franklin College and major in Elementary Education. To her teammates: "Some advice to my teammates would be that when you are down in your match, never give up on yourself. Even if it's love 40 or even 0-5 in the second set. Keep your head up, remember the skills you have been taught, and fight for the next point and the points following that. Tennis is a very mental sport, and you have to push yourself to be the best you can be." To her parents: "To my parents, thank you for being supportive and believing in me. When I randomly decided the day before tennis tryouts in my sixth-grade year to do tennis, you guys were supportive and believed that I really could do this. I still remember to this day that night when we went to Grandma and Grandpa's and literally learned how to play tennis. It was really special to me and looking back, I can't believe that I made that scary decision. And that decision led to both Brendan and Grant doing tennis as well! I love that you guys helped me into this sport and I helped them. Thank you for being the supportive parents that I needed not only that day but every day. You guys have always supported me in all of my decisions and it really means the world to me. Love you both!
