To her teammates: "Enjoy every practice and game because it honestly does go by so quickly, especially your last year. Make sure to always give your all and just have fun." To her parents: "I just want to thank both my mom and dad for everything they have done for me throughout the four years I played basketball. From taking me to practices and games when I couldn't drive to showing up to every game of mine, I am so thankful for what they do and I wouldn't be here without them."

Those things don't go unnoticed by the ones who mean the most." To her parents: "I truly cannot thank you enough for everything you have done for me. You have taken me everywhere and been my biggest supporters. You encourage me to be the best possible person I can be and that I am more than sports.
