Her future plans are to be a corporate pilot. To her teammates: "Keep up the energy at practice and on the course. It keeps the game fun and makes the time fly by. " To her parents: "I would like my parents to know that I'm so thankful to call them my parents. I couldn't have asked for better ones. They've always been supportive of me trying a variety of different sports. I love them and am so thankful for everything they do for our family and others. "

### Kayla Parris

Kayla is the daughter of Aaron and Mandy Parris. Her favorite team moment was when it started pouring during one of their practices and everyone was rushing to the clubhouse, golf clubs were tipping over, people were wet and it was hilarious. Then, in the end, they all just stood out in the pouring rain getting soaked and messing around. Kayla's extra-curricular activities include golf and tennis. Her future plans are to go to Indiana University and study business or law. To her teammates: "Slow down and take your time and enjoy the little things. As a freshman, all I wanted was to be done already and now that I'm close I wish I would've slowed down because it really does go by fast. Overall just be kind, work hard, and enjoy it while it lasts." To her parents: "I want to thank my parents for always pushing me to do my best and for taking time out of their busy schedules to watch me play and drive me to practices. I've watched them work hard my whole life and I aspire to be like them in the way that they love and support. I wasn't a huge fan of playing golf my freshman year, but I am so glad I stuck with it because I have really grown to love it. That wouldn't have happened if my parents didn't push me to keep playing, so thank you. "

Macy is the daughter of Jeremy and Kristen VanVleet. Her favorite team moment was when they were heading home from a match, they went and got ice cream, Allie said she knew the dance from High School Musical and she started dancing. Izzy started videoing it, everyone had their flashlights on from their phones and moving them from side to side. Everyone was laughing, Lydia spit out her ice cream from laughing and it was all caught on video. Macy's extra-curricular activities include golf and Student Council. Her future plans are to attend Ball State to study to be a Child Life Specialist. To her teammates: "Sometimes it gets frustrating but take a deep breath, it will get better before it gets worse." To her parents: "I want my parents to know that I am so grateful that they were so supportive of me. I am very grateful that they spent long days with me. I am so glad they took me to golf practice even when I should have been taking myself. I also want them to know that I love them ."
